Cast Acrylic Tube Features

- Excellent weather resistance
- Excellent light transmission, light transmission rate of up to 92%, with crystal clear characteristics
- Easy machining

Cast Acrylic Tube Application

- Pack the container
- Fish tank

Cast Acrylic Tube Attention

- Do not coexist with other organic solvents, let alone expose them to organic solvents.
- Cannot be used at temperatures above 85 degrees celsius.

Cast Acrylic Tube Specifications – Customized

- The above are the specifications of Cast Acrylic Tube Specifications. Customize colors and sizes, please contact us.
